**NeighborWorks® Green Bay Hosts Open House**

(Green Bay) The public and media are invited to an Open House on Thursday, March 12, 2009 from 3:00 p.m.-6:00 p.m. for the home at 1126 Day Street. In September, 2008, NeighborWorks® Green Bay held an Open House in a nearby, remodeled home on Day Street.

NeighborWorks® Green Bay staff and board members will be present to give tours of the newly remodeled home and to answer questions about NeighborWorks® Green Bay, its mission, programs and other current and upcoming projects. Refreshments will be provided.

This Dutch Colonial home features four bedrooms, three baths, a wonderful kitchen and dining room, and must-see back entry lockers with wainscoting detail. The renovated home features all new mechanicals (heating, plumbing and electrical), and a new detached, two stall garage.

The first floor is stunning with an open staircase, original hardwood floors, built-in hutch in the dinning room, first floor bedroom/office and first floor bath. The second floor has a large master bedroom with walk-in closet and master bath. There are two additional bedrooms and another full bath. This home is now for sale.

This home is the second of several projects to be completed on this block of Day Street! NeighborWorks Green Bay acquired the property and renovated the home through their partnership with the City of Green Bay. NeighborWorks, and our General Contractor on the project, Jay Pamperin Construction once again teamed up with Northeast Wisconsin Technical College to provide real world rehab experience to students in the NWTC Wood Tech and Electrical program.

Since January of 2000, NeighborWorks Green Bay has constructed or rehabilitated more than 75 dwelling units! In this same period we have educated and counseled more than 2,800 aspiring home buyers and existing homeowners. We have helped more than 1,300 families achieve their dreams of homeownership through our loan programs. In total, since the year 2000, through our housing development and homeownership programs, we have leveraged \$133.5 million of direct investment in Green Bay's Original Neighborhoods.

NeighborWorks Green Bay is a not-for-profit corporation governed by a volunteer Board of Directors selected from the neighborhoods where we work to make a difference. Our efforts to strengthen neighborhoods and transform lives requires the hard work and creativity of people like you – neighborhood residents, volunteers, lenders, Realtors, government officials and staff, local business, and area philanthropists.
