GREEN BAY WEST ROTARY TEAMS WITH WPS TO TACKLE CARBON MONOXIDE AND ENERGY CONSERVATION

Green Bay, WI – This December, the Green Bay West Rotary Club will donate approximately 100 battery-operated CO detectors to NeighborWorks Green Bay for distribution to low-income homeowners. The CO detectors, along with 100 Weatherization kits will be presented to NeighborWorks Green Bay at the Club’s December 2nd, 7:30 a.m. meeting at the Ramada Plaza in Ashwaubenon.

“Reliable CO detectors are required in new construction and have become readily available to most homeowners, but there are still some in our community that have not purchased or installed detectors, either due to a lack of knowledge of the dangers of CO, or the fact that they cannot afford to purchase the units,” said Ron Skow, Green Bay West Rotary President, who spear-headed the project.

The project is in the spirit of Rotary International’s theme, *Make Dreams Real*, and to potentially prevent tragic and unnecessary deaths. The Green Bay West Rotary Club meets every Tuesday at the Ramada Plaza in Ashwaubenon. For more information visit the Rotary Club Website at www.greenbaywestrotary.org.

Wisconsin Public Service has also donated 100 Weatherization Kits (valued at \$25 each) to be distributed at the December 2 meeting. The kits include:

- 2- 23 watt CFL's
- 90' rope caulk
- 3M window seal kit (enough for approximately 5 average sized double hung windows)
- 8 outlet gaskets
- 17' of V-Seal (comes on a roll - adhesive weather-stripping for around windows & doors); packaged in a canvas tote bag
- Our "Energy Conservation for a Better Community" booklet

Rotary International is an organization of local service clubs, dedicated to bringing business and professional leaders together to provide humanitarian services and promote international understanding and goodwill. There are over 1.2 million Rotarians worldwide, organized into more than 32,000 local clubs. Founded by Attorney Paul Harris in Chicago, Illinois in 1905, Rotary is the oldest surviving service organization of its kind in the world.
